C. Professional Designations

Chartered Financial Analyst® (CFA®)

The CFA® designation is an international professional certificate that is offered by the CFA Institute. Candidates that pursue the certification have in-depth knowledge of securities types and investment vehicles. In order to qualify for a CFA®, candidates must meet standards for examination, education, experience, and ethics. First, candidates must possess a bachelor's degree from an accredited school, or its equivalent. Second, candidates must have completed 48 months of qualified professional work experience, generally related to evaluating or applying financial, economic, and/or statistical data as part of the investment decision-making process involving securities or similar investment. Third, candidates must pass a series of three six-hour exams that covers ethics, quantitative methods, economics, corporate finance, financial reporting and analysis, security analysis, and portfolio management. Finally, candidates must meet and continue to adhere to a strict Code of Ethics and Standards governing their professional conduct, as reviewed by the CFA Institute.
